Fun Fact

What was one fun fact you learned this week, that you'd like to share!

Here's some of mine:

Pigeons can tell the difference between a painting by Monet and Picasso!

Each king in a deck of cards is named after a famous king in history.

In lots of cases, statues of people riding horses signify how the person died.

If you stay to the end, there'll be a bonus fun fact :o

Databases

How we store data in a human readable way.

Is this database easily readable?

Congratulations!

We made it to the end!

And Now......

The Comic Sans font came from an actual Comic Book, hence its name. The font style was inspired by Batman and Watchmen.

Have a great rest of the summer, everyone!
